## GUARANTEED ORIGINAL SPARE PARTS

The SIAD Macchine Impianti Spare Parts division supplies spare parts that are covered by a total guarantee against faults. No other supplier can offer this type of guarantee, given by a service that takes pride in ensuring efficient, long-term machine operation, rather than just selling the greatest quantity of parts possible.

## SPECIFIC SPARE PARTS

The SIAD Macchine Impianti Spare Parts division supplies spare parts designed specifically for your machine. By retracing the history of each machine, the service can precisely identify then supply the part requiring replacement, to ensure on-going machine efficiency.

## ADVANCED, IMPROVED SPARE PARTS

The SIAD Macchine Impianti Spare Parts division is backed by an R&D department working non-stop to improve machines – improvements that are then passed down to the original spare parts. New materials, new assembly features, all assured by the spare parts service.

## READILY-AVAILABLE SPARE PARTS

The SIAD Macchine Impianti Spare Parts division can count on a fully-stocked storage facility ready to respond to the demands of production and the Spare Parts division at all times. Requested parts are immediately despatched by express courier and delivered in the briefest possible time. But that's not all: each of our Service Centres located across the world has its own storage facility.

## PEACE OF MIND AT THE RIGHT PRICE! ...

...but only from the SIAD Macchine Impianti Spare Parts division, because the spare part will ensure that the machine will continue to operate perfectly. All this at a very reasonable price.
