OUR PROCUREMENT VALUES

Effectiveness
Efficiency
Ethics
Economic

Six fundamental objectives and supplier expectations, called the **TARGET** performance areas:

1 ■ Total Cost of Ownership

To provide maximum value to our customers, we strive to minimize the total cost of our products and services. We expect our suppliers to provide a competitive cost structure.

2 ■ Assurance of Supply

We are committed to providing an uninterrupted supply of products and services to our customers. We expect our suppliers to provide a stable supply stream, free from defects and disruptions, and to deliver their products and services to the point and time of need.

3 ■ Responsiveness

We respond quickly to customer inquiries, and we strive to efficiently resolve and eliminate any problems that might arise. We expect our suppliers to respond to inquiries promptly with clear, complete and accurate information.

4 ■ Global Reach and Human Rights

We will strategically align ourselves with suppliers who can support our strategies on a Global, Regional and Local level. We expect our suppliers to ensure that products and services comply with the regulations and technical specifications for all localities to which products and services are provided.

5 ■ Environment and Safety

Safety is one of our highest priorities. We expect our suppliers to have a safety program that is actively supported by the supplier's top management team.

6 ■ Technology

We seek continuous improvement in products, services and business intelligence capabilities. We expect our suppliers to support our technology vision.
